See intern policy below.

Location: Office in Coral Bay, St. John

Open until position filled. Timeframe likely: August to October

Coral Bay Community Council – Please apply via email to coralbaycommunitycouncil@hotmail.com with a letter explaining your skills and interest, and a resume. Must be able to work in U.S.

CBCC is an Equal Opportunity Employer and Drug Free Workplace

Policy on Internship qualifications:

Coral Bay is a unique, expensive, and remote place to reside. It is not reasonable that a student who has never lived in the Virgin Islands will be able to figure out how to reside here comfortably on their own.

It is necessary that every intern applicant have their own local knowledge and support system in place – to ensure the success of the intern experience. CBCC will work with student's educational institution to assure a quality academic internship.
